MY P.A.T.  
CALENDAR

Winter/Spring 2010

We hope everyone survived the holidays and the extreme winter weather. We have some fun events planned to help with the cabin fever!

In March we are collaborating with Northwest Health Services to provide a free dental screening for children. They will screen for oral health, discuss oral hygiene, provide a free dental cleaning kit and answer questions about their services. Northwest Health Services provides excellent and affordable health care for families. They provide services with a sliding fee discount program. The clinics in our area are located in Braymer and Hamilton. For more information about NHS and services they provide please visit their website at [www.nwhealth-services.org](http://www.nwhealth-services.org).

Make sure to mark your calendar for all of our upcoming events. If you haven't made it to one of our group meetings, come on out, the kids will thank you!
